

# NORAAL MINING

# ABOUT US

**IN NORAAL WE CREATE VALUE FOR OUR CLIENTS THROUGH TAILORED INNOVATIVE SOLUTION WITH OUR DEDICATED TEAM**

## **NORAAL ADVISORY:**

We are focused on strategic services helping our clients achieve their financial goals. We bring consultation services combined with execution support to ensure our clients' overall business growth, as a part of our growth.

## **NORAAL MINING:**

Noraal is a trusted and reliable mining partner in the African region. Our core capabilities are site identification, exploration, mining engineering and planning, plant design and build as well as full scale mining including logistics.

## **NORAAL DEFENCE:**

Noraal is a regional leader and one stop shop for a wide range military products and equipment. We provide cost-effective solutions and products that deliver the reliability and accuracy customers require to achieve their operational and tactical goals.

“

AT THE HEART OF EVERYTHING, REMAIN OUR CLIENTS. WE PARTNER WITH THEM TO IDENTIFY THEIR HIGHEST-VALUE OPPORTUNITIES AND ADDRESS THEIR MOST CRITICAL CHALLENGES, SO THEY CAN BE CONFIDENT THAT THEIR NEEDS WILL BE FULFILLED TO THE HIGHEST QUALITY AND VALUE ADDED. ”

**CEO'S VISION**

# NORAAL MINING

Noraal offers an investment and full mining life cycle services for open-cut mining throughout Africa. We specialize in running large critical mass mining in difficult and challenging environments.

It is our goal to become the trustful mining contractor and drilling partner of choice in Africa. We do that by investing in high-quality equipment, innovative technology and a highly trained, skilled local workforce to service our clients. The business has an extensive experience operating in Africa. We pride ourselves on being able to mine in some of the remotest and harshest landscapes on the African continent.

# SERVICES

## PLANNING AND EXPLORATION

Our exploration drilling ensures we deliver whatever you need, wherever your site is located. Our trained drilling experts work with a Diverse exploration drilling fleet covering all bases when it comes to exploration drilling in Africa.

Noraal provides a range of sample preparation, analytical techniques and elemental packages

for most commodities from greenfields exploration to resource development and mining.

We help African mining companies with exploration analysis, mine site production, grade control laboratories and sample preparation facilities.

# SERVICES

## MINE AND PLANT DEVELOPMENT

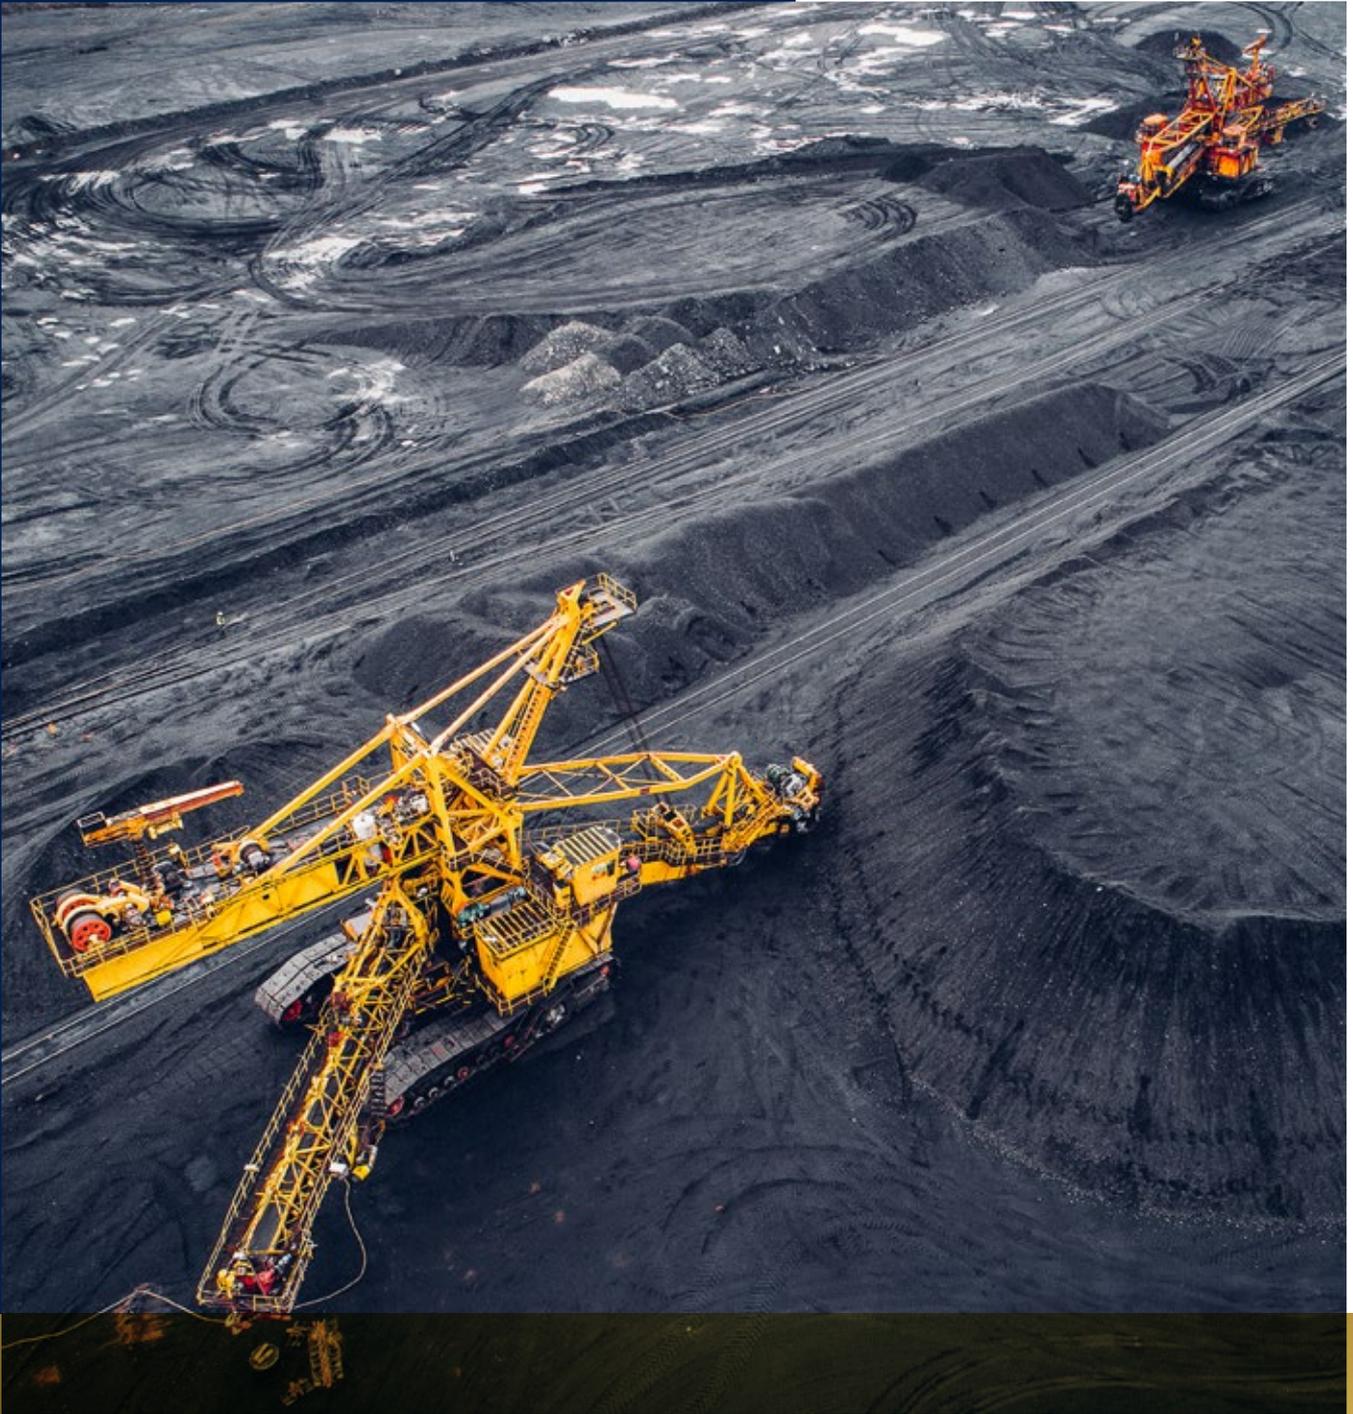

Our in-house overarching design and traffic flow modelling capabilities ensure an efficient and cost-effective infrastructure layout is achieved for both long- and short-term facilities.

Noraal has had extensive experience in establishing, operating and maintaining full mine-related infrastructure including Offices, Workshop facilities, Store facilities, Wash-bay facilities, Tyre-bay facilities, Drill consumable management facilities, Vehicle parking bay

and go-line facilities, Communication and IT services.

Noraal is experienced in delivering mining solutions in Africa to reduce cost per tonne through effective mine planning and scheduling. Our engineering team ensures equipment utilization is maximized on a daily basis through detailed planning and scheduling, evaluating and optimising haulage routes, maximising haulage efficiency and productivity.

# SERVICES

## PRODUCTION AND PROCESSING

Noraal has developed sophisticated full life cycle operation and maintenance management systems to ensure you experience optimal availability and safety of your mining assets. We understand the relationship between blast designs and good quality control of the drilling

process to yield blast results that optimise excavation productivity and enhance mine-to-mill costs. Further, Noraal performs in-pit reverse circulation (RC) grade control (GC) drilling and sampling, crushing and screening services

# OUR VALUE ADDED

Noraal has uniquely positioned itself as one of the main mining firms

## UNIQUE FOCUSED SOLUTIONS

We use an integrated and comprehensive approach to ensure that the right product have been received with lower CAPEX and at lower Product cost. We use data innovation, supported by data analysis, to give you a truly effective supply chain.

## A MULTISPECIALIST TEAM

Our team have diverse backgrounds in mining field, thus can support to source unique, difficult-to-find and obsolete item alternatives. Our team understands the needs and constraints that come with mining procurement and, as such, are well suited to accommodate these when completing projects.

## RELATIONSHIPS

By working closely with customers, Noraal has a track record of managing and implementing successful programs, to the highest quality, that meet the requirements of the end user. We seek to find synergies with industry partners that utilizes individual company strengths in order to develop coherent solutions that benefit all involved.

## EXECUTION SUCCESS

We ensure our execution success through a dedicated strategic, practical approach. We work collaboratively with our clients on products & solutions that are then deployed in some of the world's most hostile and demanding environments. and build strategies for constant and successful executions.

# VISION & VALUES

We aim at providing innovative solutions for our clients through our high-performance precision products and solution combined with execution support to ensure our clients' needs are fulfilled.

Our expertise is cultivated to create and sustain long-term relationships which draw on our experience and expertise to help our clients achieve real success. We channel our expertise into sourcing products for critical environments. Our bespoke approach has made us a global leader in supplying mining products and solutions.

## OUR PEOPLE

We are a professional dedicated team of talented individuals who believe in our mission to create value for our clients, and passionate about innovating solutions to support a successful execution.

**“ THE ACCELERATED PACE OF CHANGE FOR THE MINING SERVICES INDUSTRY DEMANDS A MORE FLEXIBLE MODEL TO SERVE ITS CUSTOMERS ”**
